

File: Emergency Preparedness Plan
To: Steelhead Community Association
From: Bob O'Neal, Director of Forestry and Blaine Odenbach, Assistant Fire Chief
Date: July 29, 2015
Subject: **Emergency Evacuation Plan for Steelhead**

Background:

This emergency evacuation plan for the Steelhead area is based on the discussions that Forestry and Fire and Rescue Services staff had with the Steelhead Community Association (SCA) at a meeting on Monday July 6, 2015. Due to the extreme fire hazard conditions this summer, the rural location within Tree Farm License No. 26 (Tree Farm), and the one road in access for Steelhead residents, we have put together an emergency evacuation plan for this area. This plan includes evacuation collection points and an emergency contact list.

EVACUATION COLLECTION POINTS:

- In case of an emergency, the SCA community hall would be the temporary emergency centre and marshalling point. Cardinal road south leading to Dewdney Trunk north and south are the main evacuation routes leaving Steelhead. If access is blocked along these main routes, four evacuation collection points have been identified at the start of the logging roads in the Tree Farm.
- Depending on your location and the location of the blockage, residents are advised to travel to one of the four evacuation collection points.
- The four evacuation points include the following logging roads: Location 1 – Campbell Road, Location 2 – Johnson Road, Location 3 – Cardinal Road, and Location 4 – Sabo Road (Hunter road area).
- These logging roads are controlled by gates and the same lock series has been installed on each gate. Eight keys will be issued to the SCA for distribution to the board members at various locations within Steelhead. Please note that these keys are for emergency use only and they must be returned in the fall.
- Evacuation signs will be installed at various locations in Steelhead that lead to the specific evacuation collection points.
- In case of an emergency and evacuation, emergency personnel will make arrangements to collect evacuees at these collection points. Location maps will also be placed on the community boards and at the logging road access locations.
- Steelhead residents are encouraged to register their contact information with the SCA. Fire prevention handout information is also available from the SCA.

EMERGENCY CONTACT LIST:

TO REPORT A FIRE

First Call Ministry of Forests: 1-800-663-5555 (*5555 from your cell phone) or 911

Mission Fire/Rescue Service

604-820-3794 OR 604-820-3793 (office hours 8:00 a.m. to 4:30 p.m. Monday to Friday):

Name	Call No.	Title	Cellular
Larry Watkinson	90	Fire Chief	604-302-4022
Blaine Odenbach	95	Assistant Fire Chief	604-302-0300
Norm MacLeod	96	Assistant Fire Chief	604-217-8902
Shift Captain	Engine 1		604-864-1642
Dana Heriot	91	District Chief (#1 Station)	604-302-0616
Len Pesonen	93	District Chief (#3 Station)	604-768-9921

Mission Fire/Rescue Hall Locations:

No. 1 Station, 33330 7th Avenue West of Murray Street – 11 officers, 24 fire fighters

No. 2 Station, 30154 Dewdney Trunk Road at Bell Road, Stave Falls – 5 officers, 10 fire fighters

No. 3 Station, 30435 Silverhill Avenue, east of Manzer – 5 officers, 10 fire fighters

For radio communication to the Fire Department rep, call Mission Command.
